

OCCUPATIONAL HEALTH AND SAFETY POLICY

Akenerji attach the utmost importance to worker's health and safety on every level of its operations based on approach that embraces the principle of "People First".

We are committed to;

LEGAL and TECHNOLOGICAL COMPLIANCE

Preventing occupational injuries and health deterioration by fulfilling all legal obligations and other relevant conditions, by providing a healthy and safe working environment in line with technical developments,

RISK and OPPORTUNITY ASSESSMENT

To work to eliminate hazards and reduce occupational health and safety risks and evaluate opportunities,

SUSTAINABLE DEVELOPMENT GOALS

To improve our processes in the direction of the United Nations Sustainable Development Goals,

TRAINING and RAISING AWARENESS

Providing of our stakeholders with an awareness of possible risks in order to take the necessary measures required to protect themselves against these risks, conducting trainings to increase the level of awareness, knowledge and experience of employees to perform the job tasks in a safe manner,

EMERGENCY PROCEDURES

Reviewing possible emergency procedures and preparing necessary action plans to ensure the safety of our stakeholders,

CONTINUOUS IMPROVEMENT

With commitment and leadership of our managers and effective participation and consultation of our employees and their representatives, if any;

- Increasing the working conditions and the physical and mental well-being of our employees,
- Continuously improving our occupational health and safety performance with risk assessments, training content and method,
- Achieving the sustainable goal of "Zero Occupational Accident" and "Zero Occupational Disease".
